Cookies. Cookies are alphanumeric identifiers that we transfer to your computer's hard drive through your browser to enable our systems to recognize your browser. Cookies allow a web server to transfer data to a computer for recordkeeping and other purposes. We and our third-party service providers may use "cookies" on our Sites to facilitate your ongoing access to and use of the Sites, as well as to conduct analytics on and collect usage data related to our Sites.

Session Cookies. Session cookies exist only during an online session. They disappear from your computer when you close your browser or turn off your computer. When you authorize us to do so, we may use session cookies to allow our systems to uniquely identify you during a session or while you are logged in to the Sites.
